

# Meeting Room Internet Access

**HYATT  
REGENCY®**

LAKE TAHOE  
RESORT, SPA & CASINO

## Meeting Room Wi-Fi & Internet Access for your Event

The Hotel's Guest Room Wi-Fi Network is **NOT** designed to cover the event space. If you require High-Speed Internet Access/Wi-Fi for your event, we suggest the Encore® Meeting Room Network, as it is designed to provide a secure and dedicated network for the event space. Although the Hotel's signal may sometimes bleed into the meeting room space, only Encore's network guarantees reliable coverage.

Speak with an Encore Sales Manager to order internet access today!

[Pricing Guide](#)
